

# **PARENTS/GUARDIANS!**

Did your child only get one H1N1 flu shot or only one dose of the H1N1 flu nasal mist? If the answer is yes and he/she is less than 10 years old, the Indiana State Department of Health says your child needs another dose of vaccine to keep from getting the flu. To find out where to get the H1N1 flu vaccine for your child, call your doctor, visit [www.in.gov/flu](http://www.in.gov/flu) or call 1-877-826-0011.
